20 and 21 October 2020

12:00 – 14:30 Geneva time

Tuesday 20 October

- **Welcome remarks by co-chairs**
-

- **Report of the 1st Panel meeting**
-

- **Revised Program of Work and planned approach to engagement**

Objective: to provide an overview of the updated program of work and timelines and the planned approach to engagement.

- **Defining the chronology**

A paper on the main approach and methodology for how to define what happened along the chronology will be presented

Objectives: Agreement on next steps in terms of how to obtain the data and information as well as how to vet the quality and how to best involve additional technical expertise.

- **National and Sub-national responses**

As part of this chronology, a paper will be presented on what has been done already to map national policies and strategies responding to and sustaining COVID-19 national situations.

Objective: Agreement on how to best capture country responses

- **Summary of the day**
-

- **Recap of day 1**

- **The International System**

A report and reflections from the mini-symposium will be presented as well as suggestions for how the panel's work on the international system supporting pandemic preparedness and response should be taken forward.

Objective: agreement on next steps and how the work on other pieces of the panel's work will influence this

- **World Health Organisation**

A paper providing an overview of potential questions for enquiry regarding WHO as an institution will be presented.

Objective: agreement on main questions for the continued work regarding WHO as an institution, methodology for the work and timelines.

- **Reflection on the meeting, conclusions and next panel meeting**
